FOR

1954

*SHAFFER'S* TROPICAL GARDENS  
\*\*\*\*\*

1220 41st Avenue

Santa Cruz, California

Mailing Address: P.O. Box 368, Capitola, California

## A WORD ABOUT *SHAFER'S* AND ITS OWNERS

The company was founded in 1938 by Keith and Hal Shaffer and was known as Shaffer Bros. Tropical Gardens. Until 1949 they were growers of Anthuriums exclusively.

With the death of Hal in 1943, and with Keith in the service, the business was run by Hal's widow, Pauline Shaffer. In 1950, Keith bought out his partner and took over as manager.

Keith Shaffer has been active all his life in flowers. In 1937 he pioneered the air shipment of flowers from the Hawaiian Islands to San Francisco in conjunction with E. W. McLellan Co. Later he became associated with this firm as buyer and shipper in its Redwood City, Calif., plant.

Except for the four years of World War II, in which he served as a Navy flier, Keith Shaffer has maintained and operated greenhouses in California from 1939 to the present time.

*SHAFER'S* do not grow for the flower market at the present time. We grow plants for resale. All plants are available for sale. Many of the plants in our seedling lists are not now available from the original hybridizer.

Our seedlings are offered subject to prior sale. All prices are subject to change.

## SPECIAL CYMBIDIUM ORCHIDS

Last year we offered the Willoughby Collection for sale and were very pleased with the response. Some of the best plants sold immediately. However, there are several plants of this collection left, among them 30 Swallows, several in spike. These Swallows sell for \$10.00 per bulb. We have not seen them flower; however we have seen the invoice from Mansell & Hatcher, which describes the cross as Alexanderi Westonbirt var. X Pauwelsii v. Magnificum. Fine flowers should result from this cross. Price list on this collection is available on request.

# SHAFER'S CATTLEYA HYBRIDS

These plants have come from the following well-known hybridizers and are coded by the following abbreviations:

M—Rod McCellan Co., San Francisco, Calif.  
 W—E. C. Wilcox, Los Angeles, Calif.  
 A & M—Alberts & Merkel Bros. Inc., Jacksonville, Fla.  
 DR—Daniel Ryerson, Homestead, Fla.  
 R—Rivermont Orchids, Signal Mountain, Tenn.  
 LT—Taft's Orchids, Belmont, Calif.  
 OZ—Joe Ozzella Orchids, Hawthorne, Calif.

We have taken great care to obtain some of the finest seedlings on the market today. We do not hybridize in cattleyas but select our seedlings from the best offered anywhere.

## GREEN AND YELLOW

### C. GRANULOSA X C. ROSE

Fall bloomer. Should get green to bronze heavy-texture flower, somewhat open.

1 1/2".....\$1.50

### A & M—No. 919 LC. MEDON X LC. CARDINAL

A bronze crossed with a dark henna colored flower.

2 1/2"..... 5.00

3"..... 7.50

### R—No. 933 BLC MORNING SUN X SELF

Winter blooming yellow

1 1/2"..... 3.00

### R—No. 1417 LC. LUMINOSA AUREA X BLC MORNING SUN

Spring blooming bronze-yellow

1 3/4"..... 3.00

2"..... 5.00

2 1/2"..... 7.00

### W—No. 5 BLC CLIQUOT X LC. PLYMOUTH

Fall blooming yellow-bronze

2 1/2"..... 5.00

3"..... 7.50

## LAVENDER

### M—No. 4 BC MT. DIABLO

(C. Leda Splendens X BC Hartland)

Fall and early Winter bloomer, brasso

4"..... 7.00

5".....10.00

6".....12.00

### M—No. 66 C. ALESSANDRO X LC. TREMPEALEAU

Christmas hybrid of good shape and stem

3"..... 5.00

4".....10.00

### M—No. 67 C. APALACHEE X LC. TREMPEALEAU

A very large Christmas hybrid, yellow throat and deeper color than No. 66

3"..... 5.00

4".....10.00

### M—No. 70 C. NEBO X LC. ELISSA

Good growing, good producing medium to dark Christmas hybrid

3"..... 5.00

4".....10.00

### M—No. 110 C. H. B. TURNER X. LEDA SPLENDENS

Heavy producing Christmas hybrid

3"..... 5.00

4".....10.00

### M—No. 133 C. MOSSIAE X LC. ATLANTIS

Spring flowering, well shaped, color better than average

3"..... 5.00

4".....10.00

# SHAFER'S CATTLEYA HYBRIDS

- P (Altadena x Innocence) x Winged Victory—hard, well-shaped flower
- P Winged Victory—remake of two of the best
- P W. K. DuPont x Doris—for hardness and shape one of the best crosses made to date

## CYMBIDIUMS

These plants have been purchased from the Everett Nursery, formerly of Santa Barbara, Calif. These plants and divisions of these plants have helped make up several of the finest collections in California.

They have been divided during the past year and in most cases the parent plants will bloom, while the divisions and back bulbs are only well started.

No description is offered except color in most cases. We feel that the way to buy Cymbidiums is in bloom at the nursery, and all plants are numbered so that you can see the plant in bloom and can buy it or a division thereof.

All plants are subject to prior sale.

## MATURE VANDAS NOW AVAILABLE

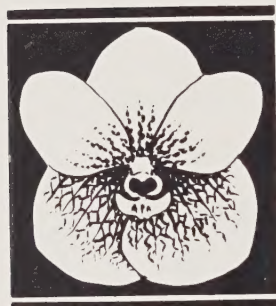

These were raised in Hawaii, then shipped here and re-established. No worries about inspections or acclimation. Plants are established in new osmunda, many in bud. You may inspect these plants at our greenhouses before buying.

6" ..... 10.00                      8" (Flowering Plants) ..... 12.50

These plants 6" OR 8" size

- V. AMONEA (V. ROXBURGHII X V. COERULEA)**—A medium size flower of clear blue color.
- V. HERZIANA (SUAVIS X COERULEA)**—Through the use of superior parents, we produced a free and early blooming type of better shape and a deeper blue than the original V. Herziana.
- V. TRIMERRILL (V. TRICOLOR PLANILABRIS X V. MERRILLII)**—An attempt to produce an even flatter V. Trimerrill)
- V. WETTSTEINII (V. BURFEFFII X V. COERULEA)**—A strong growing hybrid ranging in color from blue to rose.
- V. MEM. T. IWASAKI (TRICOLOR PLANILABRIS X V. DEAREI)**—An effort to improve the shape of the V. Mem. Iwasaki, Medium size, creamy-pink with fine brown spotting, very fragrant, good texture.

## AFRICAN VIOLETS

A large and very special department of the Tropical Gardens is devoted to African Violets. Our collection, one of the largest on the Pacific Coast, has been judged one of the finest. In one year, our entries won both first prizes for African Violets at the California State Fair. If you are interested in these most popular house plants, we will be happy to send you our separate catalog on African Violets.

## A PERSONAL INVITATION

Whenever you are in Santa Cruz—75 miles south of San Francisco—we would be happy to meet you personally and show you our stock. We are open every day, including Sunday, from 9 A.M. to 5 P.M.

To reach the Tropical Gardens, take the Santa Cruz-Watsonville Freeway (Hwy. No. 1) from Santa Cruz to 41st Ave., and turn right one mile.

We feature greenhouses of Orchids, Anthuriums, African Violets, and Tropical Plants, as well as a Gift Shop, Tropical Bird Aviary, and Lath House.

All visitors are welcome, and we cordially invite your inspection of all our growing stock.

## SHIPPING INSTRUCTIONS

Packing is free of charge for all plants listed here. Prices F.O.B. Santa Cruz, California, in U.S. dollars. In California, add 3 % state sales tax.

In order to avoid unnecessary delays and misunderstandings, please specify clearly method of shipment. Otherwise, shipment will be made via Railway Express collect. We recommend that all shipments east of the Mississippi, and to foreign countries, be made by Air.

California purchasers will be pleased to learn that their plants will not be delayed for inspection on arrival in any County in California except Ventura, Sutter, Yuba, and Tulare Counties, which are not yet in the "Pinto Tag" program. The "Pinto Tag" on your shipment certifies that our greenhouses have been California State inspected and certified clean.

## QUANTITY DISCOUNTS ON ORCHIDS

On quantity purchases of orchids we offer the following discounts:

50.00 to 150.00	10%
150.00 to 300.00	20%
